Mr. Mike Rodriguez

Kansas City, MO 64119

Dear Mike:

It was nice to see you and the family again. I really appreciate the ride-along on Saturday morning. It was not only an education but possible groundwork for a book project some time in the future. I've been thinking about doing a police-related book for some time but don't have any solid ideas yet about how to do something different from the usual television shoot-em-ups. I'd like to ride along again sometime if I get out there. And, of course, a visit to Bryant's is a must at least once a year.

Have a nice holiday season, and drop a line if you get time. Take care of the girls on Troost!

Semper Fi,

Charles R. Anderson
