Hi,

How's Chicago, must be pretty cold out there. Thanks for your Christmas Card. My new son is growing fast. He's almost 20 lbs. Already, he turns 6 months on Jan 23.

I'm still working for the Daily News, it's a pretty good job. How's your new job working out with the V.A., I hope you doing OK.

I guess you read about John Lennon being shot, he was living only a couple of blocks away from where you were staying.

Do you watch football, the Chicago Bears did pretty good this year, they haven't had a good team in a long time, they had a lot of injuries, but they still did OK. The New York teams GIANTS + Jets, Are the Worst, the Jets lost to the New Orleans

Saints, that was the only time  
the Saints won all year.

Oh, Glad Ronald Reagan  
won the election, I hope  
he's going to do some good  
things for the Country.

I think General Haig was a good  
choice for Secretary of State.

My wife + daughter are doing  
OK, we might be getting a  
horse soon, so they'll be pretty  
busy every day, riding + taking  
care of the horse.

That's about all the news  
from the East for now. Take care  
and let me know how your  
doing out there.

your friend

Beor
