Dear Chuck,

It was very good to
here from you. First, let me
answer your letter and then
tell you in on the past five
years. Yes, I received a copy
of The Hunts and it was a
very accurate description of
past events. What can I say,
it was so well written, and
instructor, Dr. Bradshaw, is
using it in a graduate ed-
ucation class at Mary State
University (I'll explain later).

New to my life. Since
our last meeting, my life has
completely turned itself ar-
ound. I stayed in Chicago
until 1973. During that ^{time}
completed two years of school
at a Junior College while
working for the Federal Govt
with disabled veterans. A lot
of parties, girls and la la la!
I got off that Mary-Go-round
and left Chicago (with my
brother Robert) headed for
California. (In a new Corvette).
I'm settled in San Diego and
attended San Diego State Univ.
until the Govt. transferred
me to Long Beach. I met a
girl in Anaheim (Miria) now
my wife who I dated for

about a year. Dec. 1, 1974 - Cindy was wed to a 6'6" Jalok, Ed Kancowski, a real nice guy. They are both doing very well. Sandy is teaching special education and Ed is a professional photographer. Back to me. Shirla and I moved to Alabama - Dothan. Here parents are from down here and they gave us some land for our wedding present. I came down here to try ^{out} a new career, driving a bulldozer, what an ass-hyster. I really didn't get out of the business with my father-in-law because of the physical strain but because he turned out to be ~~not~~ ^a picker hillbilly. No interest in building a successful business.

When came the two biggest joys of our lives, twin girls (Nancy & Roni) TNT Dynamite! They are now 19 months old and beautiful.

Well after I gave up my business venture with my father-in-law I went back to school and received my B.S. in Business Administration (Accounting) in Alabama. After graduation ~~the~~ ^{at} the Pray State University had

just opened a Branch in Dothan (10 miles from my home) and I was offered a position as Business Manager and Instructor upon completion of my MBA, which I have been pursuing for three quarters now. It all just fell together.

We are now building a beautiful home for our family out in the country. We need the room with the two girls and two Doberman Pincher dogs, trained to lick your face off.

Wow! Seven years on three pages. You filled in the facts but the emotions will take awhile. I'll fill you in on details after I receive a response, get it? write soon!

My Ma & Dad are fine, my brother is living in Chicago and drop them a line for more info. My hand is tired and the other one is out of order. Fill me in on your happenings. Take care.

Grace
