Catrol Operations

I. Recon Patrol

A. Scout - 2 - 100 yds
B. Recon - systematic search
C. Humint

II. Combat

A. Ambush
B. Raid

III. Recon

A. Headquarters

1. Vehicle & RTD

B. Security

1. Local security in rear at objective.
return; protection at rally point

2. Order, discipline, care, warning

C. Reconnaissance de point

D. Every man knows all information
dissemination of information

Control ^{has patrol}
 E. Point man lead
 Mines, sniper, flares
 F. Comms and map net
 1. Magazine division
 G. Patrol leader & KTD
 H. 11 Mexican
 1. Guide info
 2. Reconnaissance if possible

~~Support~~
 III Support Patrol
 H. Headquarters
 1. Lead
 2. Visible assist. leader, Spanish

B. Support
 1. Prepares
 2. Two machine gun teams
 C. Security route objective, return

D. All people as they are needed
 E. Assault element
 1. Forward group
 F. Establish depth, pass element leader, help patrol leader
 G. Assault (cont)

1. Search team
 a. Map
 b. Equipment
 c. Word indicator
 2. Penetration team
 Destroy essential equipment
 3. Fillet team - danger
 prison, bring them to
 fresh line
 H. Assault team - infra
 objective with security
 element, prevent route attack

5. Resident patrol leader
near of patrol

D. Point man

E. Comms

F. Leader

G. NTO

H. Support element

I. Definity element position
~~remains~~ ~~what~~ ~~is~~ ~~just~~ ~~responsible~~

J. Assent element in between
men

K. Security on either flank

Warning cues

I. Situation

A. Mission

B. Mission

Who, What, Where, When

given

(repeated)

C. General instructions

1. Assign individuals &
leaders for elements

2. Assign comms man,
NTO, point man

3. Give names

5. Uniform & equipment

common to all
if weapon, ammo,

equipment - how
impact ammo per
man

5. Chain of command -
establish

6. Time schedule for
patrol, distance -
coordination with

9. Priorities

10. Who is responsible for
it

Hold off questions till
end

7. Times & places for
8. inspection & appraisal
9. specific instruction
10. to subordinates
11. ~~order~~
12. ~~special instruction~~
13. ~~long~~
14. Joint team
15. Kayandiswari
16. Patrol Order

F. Situation

- A. Enemy
- B. Goals
- C. Attachment & detachment

II. Mission (same as warning order)

III. Execution

F. Concept of operation -
picture of what will happen

Mission

B. Other Mission

1. Court security & patrol
2. Bank security

C. Coordination instruction

1. times of operation & other
2. rally point - action

there

- a. Rally point & log route
- b. At night

3. Action at objective

ii. Other action orders, routes,
call number

IV. Administrative logistics

- A. Ration
- B. Arm
- C. Uniform & equipment
- D. Welfare of prisoners

V. Command & Signal

A. Signal

1. Primary & alternate sequences

2. New word & call signs

B. Command

1. Officers & element leaders are ready for the element

Conduct of Patrol

I. As a patrol patrol leader

A. Get people in position

II. Security Post

A. Stop by place, allow people to look around
B. Become familiar with terrain - "come aware" ?
minutes

B. Patrol Leader

1. Check position
2. Count of people
3. Look at concentration points

III. Danger Areas

A. ~~Officer~~ ~~and~~ ~~emphasize~~ that allow enemy observation of patrol's retreat movement
1. Road, gully, pipe, open area

2. Elevation

B. Don't stop unless necessary

C. If needed

1. Place security team/pos. and
2. Have point man get the security
3. Front man cross signal that's back
4. Road patrol remain small group
1. get line, out again back

III. Signal

- A. Work out signal: often depend on the terrain & mission
- B. From one aspect & not signal
- C. Who take signals for whom

IV. Rally point

- A. Routes
- B. C. routes
- C. Objectives before & after
1. Leads to recon
Pl. assault & support about
2. Deg. of tactical conditions
D. Assist with support
Patrol with assault
E. Withdraw under cover of support, support.

Friends front line & behind

Tell CA

I. How many people

B. Mission & objective

C. Route to & from

D. When leaving & returning

E. Know location starting

pts - agreement to

starting point get

right to it

F. Where is defence cover

G. Mine field, etc. have

guide to take with you

H. Report enemy activity

I. Allocation of fuel, etc.

Position don't forget set

from bus directly to it.

J. Support - main support -

bring back to line

K. 4000 - 3000 meters

L. Day of fire

M. Administration - parking
addressed

~~the stationer calls~~
point - where program
Use of comp. am. radio
note - can the full radio
not.

a. Exchange frequency call
signs, etc.

b. Where to visit ground

c. Working of procedures
12:00 - 12:00 next day.

R. Do not use company pro
word - use own

S. Prominent point - guide
from sea

Fire Support

I. Mission

II. Objective

III. Route out $\frac{1}{2}$ hr. after start
crater zone - kept throughout

IV. Location of $\frac{1}{2}$ hr. concentration
what for

V. Time of departure & return

VI. Communication

A. Frequency

B. Call sign

C. Code words

VII. Reasons for concentration

A. Position

B. Effect

C. Enemy access

1. Staff of label, experience
growth

D. Other - other concentrations

E. Detection
 F. Front marking
 ground
 G. Concentration
 location
 H. High-velocity mortar
 J. Make like man
 K. Make like man
 Ambush patrol

I. Surprise attack against
 machine, heavy equipment

II. Use of
 H. Deliberate prior planning
 must be Ambush opportunity
 K. Make like man
 on ambush

III. Factors for successful ambush
 H. Size of unit
 I. Location of order
~~of order~~

E. Factors of ambush

H. Deliberate
 I. Opportunity
 J. Point
 K. Area
 L. Usually linear position
 Deployment

O. Manner of attack

E. Size of ambush
 G. Ambush by platoon,
 platoon company

H. Precision
 I. Organization
 J. High velocity mortar
 security, support

Post your ~~Weapons~~
detachment

G. Equipment

1. M249 machine gun
2. Additional automatic weapons
3. Anti-tank mine
4. Additional ammo
5. Extra pack

H. Route

1. Make sure everyone knows route

I. Site selection

- A. Don't always take the best - but good
- B. Occupants of site
1. Don't let men gather up site with foot

K. ~~2. Support the position~~
result element ~~the support~~
L. ~~Samolay -~~ ~~any~~ ~~explorer~~

Training men even if there are no fire

M. Movement, noise, light

1. Bell forward
2. Pl. ~~Reignante~~ ~~City~~ ~~right~~

IV. Execution

A. Position

1. Secure first
2. Then support
3. Then assault

Nov - 10-12 man patrol
re. Jan. 1974
Conduct ambush patrol &
collect ~~proceeding~~
information

Our mission is to
hit the patrol, kill as many
possible, take his equipment

Conduct raid type
patrol
Area bounded on North
by McCladam Road

Disturbances Enemy setting
up base camp - 25 men
for base camp.

Our father (1/2/1974) present
occupying left hand position
at Campbell Hill

Friendly on left & right side
conducting patrols

Patrol
Conduct raid type patrol
& collect essential info

Concept from Company
outpost
Move by foot proceed to
objective, coordinate
pick up assets, be
transported to Campbell
hill

Patrol 1

Depart through OP 1.
956327

Objective 953335
Pickup 949336

Coordinate, Instructing
Depart to 2nd Platoon
Company, Outpost

Make co-ordination at
command tent
Coordinate artillery and
other fire support
No aerial threat

Departure time Patrol 1-8
1515

Return not later than
1700

Included by order
When departing friendly front
line - 1st base / call for radio

Objective rally point - 2nd base

When mission accomplished
Call base

Rendezvous
point Home base

Admin & Logistics

2 PL's actions

Pick up at 1345 hours
planning site give
warning order

Write list of items to
supply tent of needed
items - rear of
command tent

7 AM to 6 PM can be reached

Progress & wounded
handled at patrol ends
disaster

Camouflage.

Patrol leader discuss on actual
situation - not by line grades

Use PRC 10 radio pick
up with ammo, details
Behind supply tent

Calibrate radio prior to
departure

1) Primary frequency -
47.15.

2) Alternate frequency
54.40

3) Call sign Radio 1

4) Report status Radio control
Enter patrol area Radio
control

5) Patrol tired shall ^{be} ~~be~~ ^{be} ~~be~~

leave ^{at 1515}

documents, Personal

Hook 18#13

Coordinating Area - The
3 platoons (50 meters to
front flanks)

Local VC company -
operate out of village at night

No friendly known

Company A continues operation
AV 554266 - coordinate
1st Pl - SW - VC
2nd Pl - NE - VC
3rd Pl - SE - VC

0900 - first order

4th fl search at 0915
for:

avoid civilian as much as
possible & if you see anyone
with equipment etc
do not engage unless
you have eyes on or
suspicious

What to be for alert
people

Snakes - ~~do not~~ do not
walk on them - call a person
to shoot at foot

Let people know
about evacuation
at all times

Marshall Airport
2-28-75

Up to hazard - no one
will be allowed
to get out
I'll be about body
traps

-
- A. All ~~the~~ new hospital
 - B. Organization of battalions
 - 1. Main guard
 - 2. Main party
 - 3. Flank guard
 - 4. Advance guard
 - 5. Support element
 - a. Rifle company minus
rifle platoon
 - b. Communications file
- sent by large unit to
make what terrain &
width - 2-3 men

2 Advance party
9. Report they are being
sent to work both peaks.

3. Mission of part of advance
party
A. Contact American
delay main body
to get from surprise
attack; protect from
ground observation
C. Coordinate deployment of
next in great haste.

PU 809 4 3H
1st Platoon, CO of 809

1 Reinforced company 809
Cross hills over 91462 - battal
attacking goes to north, low ground
crosses w. moves as advance force

2nd, Weeger, 3rd
blank

A. Move in echelon of platoons
Squad for observation
1st Co.

Starting point time 0945
200 meters later, except of advance
party, moves 100 meters
pl. of 1st Co.

Co. advancing, instructions: keep
CO informed
Make contact with last group before
reaching summit

Be alert for enemy positions, terrain,
documents, prisoners, paths
Among details:

51.80 - 1st platoon - 1st
Purple, area 1-14-6; PS-5-
12, 34 8L - 1st platoon
White smoke

We will attack across
valley to north

Situation: Enemy all along our
propose route of march, including
our reinforced rifle platoon.

Our company is advanced guard
for ~~the~~ ~~platoon~~ - can assist
paradeing planks.

Our platoon advance party

Minutes: We do not act as advance
party.

Education: 1st point squad - one
of machine gun

2nd - provide connecting files -
one machine gun - machine if possible
ready to ready for maneuver if
needed.

Ord. Keep me informed as much
possible - Be alert for weapon equipment.

Fundamentals of Offense

F. Appearance

V. Attack plan

A. Maneuver plan

1. Assembly place
2. Secor. of objective
3. Plot of sergeant get
men ready.

4. Elements

a. Route (most important)

Utilize terrain for
security

b. Formation en route

1. Flank of rear security

c. Final Coordination Line.

Group feature if possible -
fire files & units

d. Coordination of objectives
prior to gun fire

plant depend important

plant measure against enemy
of unsuccessful - with
step & consolidation
of control measure

- 1) ~~has~~ farm
- 2) smoke
- 3) bar clusters
- 4) radio
- 5) Migration pattern
method

6. Everyone should
know what signals
mean

B. No support

1. Support people must know
when and where show it for plan

2. Initial employment
tell them target, disarmed
well in advance

2. Deployment during attack

- a. Redeployment
- 3 consolidation
- 4 control

- a. Radio
- b. Prop techniques
- c. Disruptive plan
- d. Backup radio

Full platoon reinforce

2nd platoon - see check 2000
radio frequency

Company deploy trees
