

UNITED STATES ARMY

Dear,

While I'm waiting for the floor to dry, I'll get off a fast note. Day consisted of granade throw, PT test, & giving blood. Now we're cleaning up ready to go on BIVOYAC. Very rushed & tired. Got little sleep last nite, but plan to catch up tonight & again on Sun. Will try to call if I can. Hope so. We get in at midnite tomorrow (Sat.), so I'll be groggy & want to rest Sun. My leg is acting up again, but maybe a good nite's rest will get it in shape once more for all that marching & weight on the big outdoor adventure. Weather is supposed to stay nice for this time of year. Keep your fingers crossed.

Got a letter from Dad & Julie today. They're in good spirits. Be sure & tell them hello for me & explain why I'm not getting to do much writing now & won't until after Thanksgiving. Sure do enjoy your letter, dear. You've been a real cheer

this week & it's helped me get up
with this stuff. Actually the
pressure is down, it's just that the
amount of activity is up & I'm
tired. Feel good except for my leg.
If tomorrow does me in again,
I'll go see the Dr. Sun. before
we leave & see what he can do for
it. Don't worry, I will take care
of myself.

Only 3 more weeks! The days
seem long but total time seems
to fly by. Won't be long until
Xmas. After all & thanksgiving is
late this year. It's right at
a month from Xmas day. We'll
be together soon. I love you.
Must go. Keep busy this weekend
& keep your sanity.

Love,
John
