

IN MEMORIAM

Our Man in Washington, A.E.Griffith Bates Jr,

Because of the nature of our Alliance, we seldom write an obituary on one of our members. But we do have to make an exception for Bates, which is what he wanted to be called. Sgt Bates, a veteran

of "Dog" Company, 23rd Infantry Regiment in the 1952-53, passed away on 1 January 2008 in Washington, D.C. of pulmonary fibrosis.

Few of you knew Bates who was so private a person that he did not want his name mentioned in connection with the mammoth services he rendered this Alliance and its members. A large amount of the documentation about the 2nd Infantry Division's activities in the Korean War including Divisional, Regimental and other Units' Command Reports and more specific battle information which we have here at Headquarters is due to his efforts. Every time one of you had a specific question about an action in which you participated in the Korean War or about medals etc, we faxed it to Bates for research. He spent all of every Saturday at NARA (National Archives) doing research for us. He copied all appropriate files (at \$0.15 a page), thousands of them, at his

own expense for over 10 years, starting in the 90s under then Secretary-Treasurer Charley Heath. Bates knew NARA so well that he was able to get the answer to our questions in short order. He was the most invaluable person in our effort to provide a first rate service to our members.

A few months ago, when Bates already knew he was dying, he shipped three file boxes to my office, so much so that I had to buy an additional file cabinet. He also sent maps to our *cartographer* specialist, Dick Raybould. Now that the material is with us, we hope to be able to answer most of the questions of our members in the future. It will be more time consuming, though. A few of us had the privilege of meeting Bates on 29 September 2007 at the National Book Festival in Washington. It was obvious then how ill he was.

Bates had retired from the Defense Mapping Agency in 1991. Thereafter he began his volunteer work. He had another organization for which he worked: Greenpeace. He set up their archive system and worked in their finance department. He was honored by Greenpeace last year for 25,000 hours of volunteer work!!!

We of the 2ID-KWVA salute the memory of a gallant soldier and dedicated veteran of the *Second To None* Division. We suggest that our members express their thanks for Bates' untold good deeds to his fellow veterans by making a financial donation "*To the Memory of Sgt Bates*". Please make checks to 2ID-KWVA and indicate that it is a donation for Bates at the bottom of the check. Mail to our Membership Dept (Address on page 2).

**ALL DONATIONS HELP US CONTINUE THE
2ID-KWVA ACTIVITIES AND IS SO APPRECIATED!**

Ralph M. Hockley, Secretary

AUGIE

The search for photos was pretty much of a flop. These are the only ones that seemed to be in your area. Most of other photos were of unnamed people in unspecified locations.

Also are a couple of items picked up on Vets Day.

Happy holidays
