II NARRATIVE SUMMARY

During the month of August, Company "A" remained under the OPCON of the 7th Engineer Battalion. Company "A" is located at Hill 63. Company "B" returned from the Tam Ky area on 23 August and is presently located at Chu Lai. The 9th Engineer Battalion (-) and the 3rd Platoon, 1st Bridge Company, in direct support of the Battalion, remained at Chu Lai. Company "D" retained responsibility for maintaining and upgrading Route #1 from Chu Lai north to Tam Ky. Company "D" spent 23,600 man hours and 11,002 equipment hours in placing 2609 cubic yards of fill and 7,779 cubic yards of rock. The quarry operation produced 3569 cubic yards of rock. The Battalion continued to support the ROK Marines with a reinforced platoon from Company "B" which is responsible for the maintenance of a 12.4 mile road network and a water point.

Work on this project required 3731 man hours, 1369 equipment hours and 2500 cubic yards of fill. The water point at ROK supplied 709,000 gallons of water and the five other water points operated by this Battalion in the Chu Lai area produced 6,535,000 gallons. Company "B" completed construction of bridge #39 north of Tam Ky; an 80' steel stringer bridge with concrete pier intermediate support located at BT 276262. Company "B" also completed construction of bridge #37 north of Tam Ky; a 92' timber stringer bridge with pile bent intermediate supports located at BT 268273. This company installed a fair weather bypass at BT 237326 after the bridge at this location was blown. A two man demolition team returned from 1st Recon Battalion on 3 August. In addition two man demolition teams supported 1st Recon Battalion for the periods 9 - 13 August, 14 - 17 August, 18 - 24 August, and 20 - 24 August. During the month of August the Battalion joined 45 enlisted men and 6 officers, and transferred 72 enlisted men and 3 officers. One officer and one staff NCO attended the M16 School conducted by the 1st Marine Division on 2 August 1967. There were two change of command ceremonies in the Battalion during August. Major E. W. LIFSET relieved LtCol. G. A. BABE as commanding officer on 6 August. On 30 August 1967 Major H. E. PEREA assumed command vice Major E. W. LIFSET who assumed duties as executive officer. A 5 float class 55 ferry was maintained at Coordinates BT 378174. The 53' fixed span at BT 276262 was removed upon completion of the new 80' steel stringer bridge at this location. A 38'-4" fixed span was installed at BT 237326 on 26 August and removed on 30 August. The four float floating bridge at BT 226347 was partially destroyed by explosives placed by the Viet Cong on 29 August and was put back in operation by 31 August. Work was completed on a bunker and beach access road for 2nd LAAM Battalion. The 9th Engineer Battalion also supported Task Force X-Ray with a 30 kw generator during the period 8 - 30 August. Work orders completed for USMC units during this period included construction of seventeen 2 hole heads for CAP units in the Chu Lai Area, a 20' x 30' maintenance building for FLSG-B, hauling 1200 cubic yards of fill for MAG 13, three 8' x 8' x 8' bunkers for 2nd LAAM Battalion, a water point for FLSG-B, and regrading and surfacing a helopad for 1st Recon Battalion. The 9th Engineers continued to support army units located in the Chu Lai area. A 102' x 60' concrete deck was poured for a new Task Force Oregon EM club, a messhall was constructed for C Co., 25th Medical Battalion, and a GI house was built for the Task Force Oregon Messhall. In addition the Battalion completed the following; three 8' x 8' x 8' bunkers for the 2nd Surgical Hospital, a 150' x 300' storage area for the 80th GSG, installation of plumbing and wiring at the 161st Aviation Company and the 14th Aviation Battalion, a topographic study for the 14th Aviation Battalion cantonment, a computer building for the 188th Maintenance Battalion, rewiring of the electrical system at 2nd Surgical Hospital, a camp interior road net for the 101st Airborne Brigade, and wiring of the Task Force Oregon command bunker. In addition the Battalion is working on the following projects for U. S. Army Units: construction of 2 showers and a water tower for the 163rd Truck Company, erection of a 32' x 60' maintenance building for the 80th GSG, a 170' x 20' laundry building for the 80th GSG, a 76' x 20' shower building for the 80th GSG, a 30' x 50' messhall with a 30' x 30' galley
