Agent rept that the VC did plan a large offensive for 1 May, but because of VC activities the VC have had to put off the attack until later. The enemy does, however, want a large victory before the peace talks begin.

1-1 RIA quotas were received by Bde 05 May: 264 total allocations for month of June, 51 of which are to Hawaii. It is desired by Americal that we send at least 10% of our RIA through Cam Ranh Bay on a standby notice as they are not fulfilling seating capacity on aircraft.

LZ BRONCO received 64 mortar rounds, 10 satchel charges. 8 dud 82mm mort rds found, 3 RPG 7s found.

NVA were inside perimeter last night. Indiv came under the wire. Hand grenades were thrown into tents and bunkers, and satchel charges were thrown (1 to 2 lbs TNT w/string fuze). Homemade grenades were used w/junk inside. NVA PW reports: Is 18 yrs old and an NVA Pvt; has been here one month. 398th NVA Regt - Quang Nam to Quang Ngai. Trained in the mountains. Trained in attacking bunkers and wire obstacles exactly as in our defenses. Have exact maps as well as sketches of our perimeter.

PWs job was to lift the barbed wire so the rest of the squad could go through. They were not to be detected. Of the 10 men, 4 were equiped w/AK-47s, 6 w/SKS & many hand grenades.

He believed that 50 men attacked us. His squad had 1 60mm mortar w/ 22 rds for support and 1 RPG rkt. Rocket was for use as a last resort only if they could not retreat. His indiv mission was to hit his objective bunker, then flanking bunkers, and then to continue; to kill US, & destroy equipment.

States that when he was detected, all hell broke loose. His squad turned and ran. He states that he thought things were real bad, but then he was only a private.
