Circumstances: all four PAX's were staying in hooten with Proctor, James SP4 according to his statement the four involved were sitting around and Shaffer, John G. stated, "I heard that you can get high from eating C-4." Then Munholland, Roy D. stated, "We haven't tried any yet." At this time Munholland, Shaffer, Teague, and McHugh ate the C-4. 15-20 minutes later McHugh went into convulsions. The medics were summoned. When medics arrived he had stopped his convulsions and was lying down. No one told the medics that he had eaten C-4. They told them to let him sleep it off thinking that he had a virus. Ten minutes later he went into convulsions again, medics went back and found him in similar condition as before. The medics stayed and he quieted down. The medics returned to the aid station still not knowing that he had eaten C-4. (approx time 0130 hrs) Then Munholland came to the aid station and asked if he could sleep in the aid station because he couldn't find a dry place to sleep. Ten minutes later he went into convulsions. They were informed that another man was in convulsions. The medics found that he had vomited and was conscious. They treated him and returned to aid station. About 0230 hrs SP4 Perry informed the medics that these men had eaten C-4. At this time medics want to get the two men who had had convulsions.
