

PROFESSIONALS

1ST BN. 46TH INF.

VIETNAM 1971-1972

The Greatest SPA in the "NAM"

UNIT HISTORY

On October 15th 1967 the "Professionals" deployed to Vietnam. October through November 1967 found the Battalion conducting Southeast Asia training and Orientation in Duc Pho as a member of the 198th Light Infantry Brigade.

The 1st Battalion 46th Infantry began its first combat operation in December 1967 conducting search and clear operations and reconnaissance in force in the Chu Lai TAOR. This operation lasted until April.

Operation Burlington Trail was the next action seen by the 1st Battalion 46th Infantry. The mission was to locate and destroy enemy forces in Tien Phoc District plus assisting the 1st Squadron 1st Air Cavalry in opening the Tam Ky-Tien Phuoc Road. This operation lasted until November 1968.

On 5 November 1968, the "Professionals" moved to LZ Baldy, the Headquarters of the 196th Infantry Brigade. Operating in the Oregon TAOR, the 1st Battalion 46th Infantry was instrumental in destroying enemy forces, assisting in pacification and bringing more land and people under GVN control.

On 9 March 1969 the 1st Battalion 46th Infantry displaced to LZ Professional, named in the honor of the 46th Infantry Regiment, located in Tien Phoc District. Its mission was to locate and destroy the 2nd Division, NVA, and its subordinate units and to interdict its line of communication. During the period 16 May through 13 August, the Battalion became under the operational control of the 1st Brigade, 101st Airborne Division for Operation Lamar Plain in the Tien Phoc, Hau Due and Tam Ky area. On 1 July 1969, after 7 months of being under the operational control of the 196th Infantry Brigade, the 1st Battalion 46th Infantry became a member of that Brigade.

On 22 April 1971, the "Professionals" were told to move to a new area of operation. By 26 April 1971, the 1st Battalion 46th Infantry was actively engaged in combatting the enemy in Quang Nam District. Our mission has become one of actively defending the Da Nang base area by active patrolling and interdiction of enemy lines of communication to prevent enemy rocket and ground attacks against friendly forces occupying the Da Nang area. This mission has and is being accomplished in a manner well known to the 1st Battalion 46th Infantry as A PROFESSIONAL MANNER.

V.C symphthizer

It has been a distinct pleasure for me to command the 1st Battalion, 46th Infantry "Professionals". All of you have done an outstanding job and should take great pride in knowing that each of you has contributed so much in helping to protect and defend Da Nang from enemy ground and rocket attacks. Your job has not been an easy one, from the triple canopy jungle of Charlie Ridge to the marsh lands in Happy Valley, you have succeeded in conquering all obstacles and the enemy. You have established and maintained a truly impressive record as a combat unit and I extend my sincere appreciation and thanks for a job well done.

I wish each of you God speed and success in all future endeavors.
