Rememberin'

Old heart, hearing me callin, through the years, long ago
Let a smilin face of an old friend come to let me know
That all is not forgotten, all we gave and all we let go
Will live forever beyond heaven
It's the only world we've known

Oh rememberin all we had done
Oh rememberin all we've been through
Oh rememberin the last fading son
Who looked up to you

Old friends we are united through God's good fortune
It's shone in our eyes
True blood brothers sharing a memory
Of the ones we left behind

Oh rememberin all we had done
Oh rememberin all we've been through
Oh rememberin the last fading son
Who looked up to you

And if tomorrow father time takes me please remember how I feel
For all my pride was standing by your side
And with this I'll say farewell

We will remember all you have done
We will remember all you've been through
We will remember your forgotten sons
Who looked up to you

Always rememberin
Always rememberin
Always rememberin
