

Dear Janice

May 14

Hi girl! We got the tape and also the flicks of you your babes! Thanks alot! This afternoon I'm going to finish what I guess will be our last tape to you all. We got some pictures back to enclose with it. Guffaw sweetly! (Cha Cha!)

I just wanted to tell you that you sure do look good and healthy and happy. You look very girl and very classy hippy. I guess what you look like most is out of Bobby Kennedy's campaign volunteers. You know - neat-o. I kind of dig your roomie, too, Pam. She's really cute. Maybe just a little heavy on the drugs, but that's her thing, like she said. (Damn, it's hot - it's midnight and still 88°!) I can't say that any of you sound like you look, except maybe Pam, sort of "kittinist" I guess. "Kentucky Rain - Elvis, wow!

It'll really be kind of strange to see you and Pam and Diana under Yale to Yale circumstances and recall some of the things that were said on the tapes. Rather risqué, eh?

Well, it doesn't look like I'm going to get extended because of Cambodia after all. Thank God!! Security days from today I should hit the airport. Finally. It's been a long time.

I'm thinking of spending a couple of days in Vancouver right after I get back just to see what my possible future home looks like. I think the States is getting just a little rough for me. The Who "Pis-ball Wizard" Leave 1969 good memories. You hear so much bad news over there. I'm not sure I agree with Yerebombings sniping and dead students. Does the means justify the ends - or vice versa I guess.

Yes, you sure do look fuzzy! Maybe I'd better not let myself get too close to you alone. By the way, you sure did make a sudden switch to Chuckie, just because he sounds like he's trustworthy.

I sure will be glad when you finally get married. This relationship is a bit unusual to say the least. It's straining my intelligence trying to keep it going without letting myself get into something. Kind of like trying to keep a dead body warm.

3) No, that's too crude, but you get the idea. I mean I like warm bodies and don't like corpses at all. Most people would just buy a corpse. Tell me why we don't. I don't want anyone to replace you. The other girls I knew that got married were easy to replace. You're unusual.

Your necklace keeps getting caught on the hair creeping up my neck. I still wear it when I can get away with it.

I may get the job as squadron illustrator doing all charts, maps, etc. It would be nice, I think. I haven't done any real work in 2 years and I'm not sure I could stand the life so close, but still I think I would like it. Hell, I could stand garbage detail for 2 months.

Well, that's about it. Give my love to you folks and the girls!

As Ever
