Dear Mom,

Just a short note to say hello. How are the race riots doing?

Dad is still living and having a good time of it. How are you and the kids doing? Love I hope.

Did you get that envelope full of junk? If you did how about getting the film developed and send me the pictures. If you can have the slides made into prints.

Another thing, you should be getting a package from San Antonio. It is the majority of my clothes. The girl I gave them to got married. No, it wasn't Joyce.

Something else you could do for me is let me know how much money I have left out of that \$210⁰⁰. Also did you sell the car and if so how much is owed on it if anything.

By the way this is the last warning about writing. I found out that if we don't hear from people

in the status for a reasonable length
of time we can request that the F&S
Check and see why. To say the least I
think it could prove quite embarrassing.

Well chat about all for
now. Be careful and don't work too
hard.

Love,
Joe
