

Additional Record “Bonus”

We were also able to find an additional record(s) for your dog(s). For a lack of better term we are calling it a Vet Card. This record was usually kept on file in the Vets office. The card is the same size as your dogs AF Form 323, approx. 5”X 8”.

On the card was your dogs name, tattoo number, Date of Birth, Date of Procurement and Date of Separation or Date of Death. Date of Death is self explanatory; Date of Separation means your dog was taken out of AF inventory and given to another service.

Thank you for supporting the Nemo’s War Dog Heroes Memorial. Check Nemo’s website for updates on the restoration or his kennel at Lackland AFB, Texas.
