

AGAPE Foundation

Community Fund for Nonviolent Social Change

October 1978

Dear Friend:

Agape Foundation has just concluded a period of re-evaluation. A transition has been made to a co-directorship in the office. A new branch of Agape is being set up in the Northwest which will enable us to fund more projects in the area. We continue to receive exciting and innovative proposals in many areas of social change.

We need continued income in order to fund such proposals and to support these projects in nonviolent social change. In our present society money is essential for enabling persons to work to achieve basic improvements in people's lives. Agape is able to do this only through your support.

A few of the projects which we have funded recently are:

- a film on Masculinity and the Military;
- Bay Area Namibia Action Group;
- Santa Clara Solar Power Group;
- the Resource Center for Nonviolence;
- Bread and Roses benefit booking agency; and
- Ukiah Neighbors Against Rampant Militarism.

In addition to seed grants, we continue to sponsor on-going projects. We have also started a revolving loan fund for specific temporary support. [Contributions may be made directly to this fund if desired.]

We appreciate your help in the past and look forward to your contributions in the future. It is especially important that we continue to receive money from a variety of people -- even if each donation is small.

These projects in nonviolent social change are yours as well as ours, and through your continued support we will be able to expand our mutual commitment and work.

Cordially,
