ALKEBU-LAN

Brothers and Sisters:

Alkebu-Lan was created for you. ..dig it!! We have something more than just entertainment, we offer a program of inner-attainment...A relevant cultural program to expand your mind - to raise your level of consciousness. BLACK MUSIC to make you shout - get it all out...BLACK MUSIC to make you take something in, too... We offer you the ritual of reviving the spirits of your souls... It's up to you to cop - and to return the vibrations which will strengthen the eternal truths...You know the truth when you hear it...But you won't hear it unless you make it available to yourselves...Think about it a minute - whitey (the Jew) owns the radio, you'll seldom hear Black spiritual music there...whitey (the mafia) owns the record distributions, although we're recorded it's hard to get root music in the shops...whitey (the establishment) owns the schools - he isn't going to bring us to you...Don't let whitey own your mind...DO SOMETHING FOR YOURSELF!
