GARNER TED ARMSTRONG
Vice-Chancellor

Dear Friend:

It's shocking -- but it's true:

Today's churches preach about Christ but not about the message he brought.

Few realize that when Jesus Christ proclaimed the Gospel of the Kingdom of God in His day, He was largely ignored. Since then, much has been said about "the person" of Christ, but little about His message.

His message is one of a world-ruling government that will intervene in the affairs of mankind at a time when man is about to destroy himself.

That time is now! And each month evangelists of the Worldwide Church of God are proclaiming that message throughout the major cities of America.

My father, Mr. Herbert W. Armstrong, will be conducting campaigns in Ethiopia, Cairo and Southeast Asia this year -- speaking to leaders of nations. I personally will be appearing in Nashville, Buffalo and Portland.

And -- as a further extension of our worldwide effort to proclaim Christ's True Gospel -- we've printed a booklet entitled, "What is The True Gospel?" I'd like to send you a copy prepaid upon request. I think you'll find it helpful and interesting.

Sincerely,

P.S. Discover the TRUE GOSPEL Jesus preached. Use the enclosed envelope to send us your request for the free booklet today, "What is the True Gospel?", and read the PLAIN TRUTH for upcoming personal appearance campaigns in your area.
