HERBERT W. ARMSTRONG, *Chairman*

OFFICE OF
GARNER TED ARMSTRONG
Vice-Chancellor

Dear Friend:

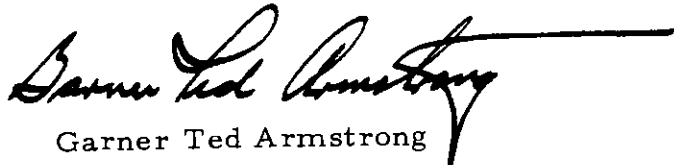

It has often been said that a nation's most precious natural resource is its youth. We couldn't agree more! Unfortunately, we live in a time when our youth is exposed to the full gamut of moral decay that reflects our modern and sophisticated world.

In response to the many thousands of letters from concerned parents, we have completed printing a new booklet designed to provide a solid foundation of knowledge for your child. I would like all of our readers who have young children or grandchildren to receive a free copy of this much needed booklet, "Teach Your Children About God."

Learn how to make God real and alive for your child. Find out the answers to the many questions all children ask about their Creator: what God looks like, how to pray to Him, the attributes of His character, why God created mankind, and how He is active in our lives, now in this twentieth century.

God promises to bless us if we teach our children about Him, His Bible, and His plan. So, take a few moments now to request your free copy of "Teach Your Children About God." It's our way of showing we really care about you and your family.

Sincerely yours,

Garner Ted Armstrong

P.S. We have enclosed an envelope for making your request of "TEACH YOUR CHILDREN ABOUT GOD" -- yours for the asking, free of charge.
