HERBERT W. ARMSTRONG, *Chairman*

OFFICE OF  
GARNER TED ARMSTRONG  
*Vice-Chancellor*

Dear Friend:

I hope you'll believe me when I tell you how grateful I am (as is my father) for your recent support.

Naturally, the inflationary spiral continues hitting hardest right where the PLAIN TRUTH "lives"--meaning in paper (scarce and most costly), ink (rising too) and postage (up almost 50 percent in 2nd class rates over the past two years)--and that's the way we send the PLAIN TRUTH, in order to save money.

But, while some proud old magazines of decades-long public prominence have gone under, and while many major newspapers have folded, the PLAIN TRUTH continues in FREE circulation through the donations of a group of loyal helpers who believe in its merits sufficiently to help support it.

And it continues to GROW! New features, new material (I'm writing a new monthly column of my own, for example), and larger and larger circulation!

The whole work being done by Ambassador College, the Worldwide Church of God, the PLAIN TRUTH, and by all our other publications, personal evangelistic campaigns, radio and television programs, is growing, expanding, moving ahead!

For instance, beginning mid-September the Garner Ted Armstrong TV Program will premiere in the following additional cities: Abilene (TX), Corpus Christi, Fargo, Springfield (IL), Philadelphia, Reno, Minneapolis, Lansing, Providence, and St. Louis.

The WORLD TOMORROW Program on radio will be added beginning in mid-September in Anchorage, Greenville (NC), Peoria, Atlanta, Memphis and Detroit. (Consult your newspapers for time and station, or for a complete listing of our radio and TV stations please write us.) This brings the total stations carrying our radio and TV program to 314.

Tune into the program and you'll hear some very relevant commentary on today's world conditions--the problems and the solutions.

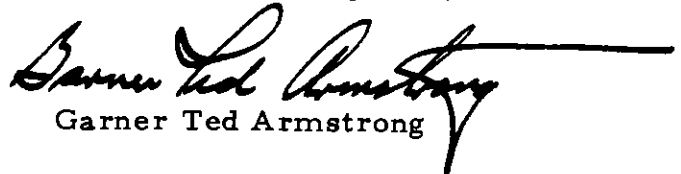

Upcoming this Autumn, at least three more personal appearance campaigns for me in major cities--and more such campaigns by several other of our top speakers and close personal friends in this Work.

My father, now 82, continues his vigorous and exhausting schedule of visiting overseas capitals; meeting dignitaries at all levels up to and including kings, emperors, presidents and premiers, and paving the way for large-scale personal campaigns in foreign cities.

All in all, it's "all systems go" right now--and we believe the really greatest part of this Work is just ahead of us, now!

YOU have helped make it possible--and I hope you know we do sincerely appreciate it!

With warmest regards,

A handwritten signature in black ink, reading "Garner Ted Armstrong". The signature is written in a cursive style with a long horizontal flourish extending to the right.

P.S. I'll continue to keep you posted in future letters of some of the more exciting activities we're engaged in throughout the world.
