

See the World

From an Anti-Imperialist, Socialist Perspective.

We began *LSM NEWS* in 1974 to create a flexible outlet for ideas, information and analyses generated by Liberation Support Movement in the course of our political work. We found that our other publications could not keep up with developments in our practice - in North America and Africa - or with our ability to analyze trends in the growth of national liberation movements, the fall of imperialism and the development of anti-imperialist struggles in North America. *LSM NEWS* is our solution; we hope it helps you, too.

We want to utilize *LSM NEWS* to build effective international solidarity among anti-imperialist forces both by spreading information, developing necessary analysis and strategy and offering comradely self- and mutual criticisms of revolutionary practice. Upcoming issues will include:

- reports and interviews from Africa, the Middle East and elsewhere,
- analyses of material conditions and revolutionary potential in North America,
- features on cultural aspects of revolutionary struggles.

HELP US RENAME *LSM NEWS*!!

For some time we have been considering renaming *LSM NEWS*. We'd like to find a name which is both more lively and descriptive. So far, the suggestion we like best is *Revolutionary Notebook*. Please let us know what you think of this and send any other suggestions you might have.
