

LIBERTY AMENDMENT

Liberty Amendment

Committee of the U. S. A.

P.O. Box 7060, University Station, Provo, Utah 84602

May 10, 1976

Dear Friend:

The attached REPORT ON FREEDOM will tell you of the changes that have taken place in the LIBERTY AMENDMENT COMMITTEE-U.S.A. After almost thirty years of dedicated effort, Willis E. Stone has resigned as National Chairman and will now act as Founder/Chairman Emeritus. I will fill his chair, but I hesitate to say I will fill his shoes, because no one could do that, but with your help I feel assured we will win the final victory for the LIBERTY AMENDMENT.

I need your confidence and support. Let me tell you something about myself so we may become better acquainted. My wife, Jewel, and I live in Salt Lake City, Utah, and are the parents of eight children, only one of whom is still at home. I received a Bachelor of Law from George Washington University, spent sixteen years with the FBI, served as Chief of Police of Salt Lake City, and for the past nine years have been a professor at Brigham Young University in Provo. I am presently serving as President of the Freeman Institute as well as National Chairman of the Liberty Amendment Committee. I have written a number of books, twenty of which have been published, including several college texts. I am certainly looking forward to serving in this new assignment as your National Chairman.

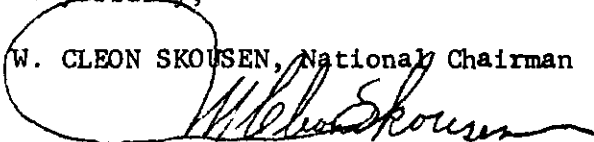

Headquarters of the LIBERTY AMENDMENT COMMITTEE will be moved from Los Angeles to Provo about May 15th and will work side by side with FREEMEN INSTITUTE. In the months ahead we will be busier than bees, setting up the machinery needed to insure a smooth operation that will carry on the regular business of the LIBERTY AMENDMENT COMMITTEE while, at the same time, planting CONSTITUTIONAL SEMINARS in every State in the Union. This will mean funding for instructors, meeting places, texts and cassette LESSONS ON THE CONSTITUTION. This operation will need every ounce of help you can give.

The CONSTITUTIONAL SEMINARS are already in nine States, with requests coming in constantly from other locations. The people who attend gain knowledge--and hope and direction--and are our best advertisers. By the third session of these CONSTITUTIONAL SEMINARS they are hungry to start doing something--involve their friends and neighbors, even run for office.

Today the Goliath we are fighting is strong, cunning, rich and well entrenched. Our great weapon is the LIBERTY AMENDMENT. Through the years you have given Bill Stone unfailing support and encouragement, and I hope you will help me in the same way. May I have your assurance that you are back of me in this vitally important work of salvaging our Constitution? Please let me know that you will help as much as you can.

Prayerfully,

W. CLEON SKOUSEN, National Chairman
