Dear Miss Vandercook:

Thankyou for your request for literature reflecting the conservative view.

We are happy to enclose items explaining the mechanics of the proposed Liberty Amendment to the United States Constitution and items supporting the principles behind it. As you may know, the Liberty Amendment is the only measure of its kind (written by experts and authorities on law and the Constitution) that is capable of restoring the Constitution and give it new force and effect. Returning sovereignty to the States and economic freedom to the people. It is ready to be enacted if the people will but get behind it. This year nearly twenty states will consider resolutions petitioning Congress on this Amendment.

We are placing your organization on our mailing list. You will receive our quarterly publication, FREEDOM MAGAZINE. The enclosed catalog sheet lists the many items we have for sale. For the most comprehensive explanation of the Amendment, I suggest you purchase a copy of the book, "Action for Americans" in paperback for 75 cents, listed in the catalog.

Please let us know if we may be of any further service to you.

Sincerely,

S. L. Piper
