FINN YOUR ZONE NUMBER BY CONSULTING CHART AND DIRECTIONS BELOW

To determine which mailing zone you are in, find the first three digits of your zone code in the left hand column of the following chart. The number in the right column opposite your zip code prefix is your zone number. For example, if your zip code is 87603 the first three numbers are included in 875-877 and your zone is 6. Should your zip code prefix not be in the first chart, check the list of locations at the right of the chart to learn your mailing zone.

# A GOOD LIFE...A GOOD LIVING!

## The Mother Earth News Tells You How!

But what is MOTHER anyway: a magazine or a book? Well, neither . . . and both. She's more of a serialized survival manual for the future and packed with articles that really tell you how. How to find and finance low-cost land, for instance, and set up your own little family homestead. How to raise a garden naturally, without poisons or pesticides. How to can, preserve and freeze your own fruits, vegetables and fresh meats. How to raise goats, chickens, bees, pigs, geese, ducks, sheep and other homestead animals. How to start your own home business, recycle "junk" into useful items and—in general—live better for less while doing exactly what you *want* to do.

If you're trying to put the rat race behind you, breathe free and build a better, richer more satisfying life for yourself, your family or your tribe . . . you'll find MOTHER to be required reading. Order out a subscription and see for yourself. There's absolutely no risk. If you don't love MOTHER, just tell her so . . . and she'll send you your money back!
