

# **No More War!**

The Zionist minority in America, in collaboration with the Secretary of Defense and other high government officials, is trying to railroad America into another war. If Washington continues to support Israel's war aims against her Arab neighbors, then America will certainly become involved in the next outbreak of Middle East fighting. We

are still suffering from the effects of U.S. support of Israel before and during the October 1973 fighting. That caused an enormous increase in the price the Arab oil-producing nations charge America for oil, and it caused the temporary oil boycott which wreaked such havoc in the American economy.

***Another oil boycott against America will be the certain consequence of renewed Middle East fighting, and it will disrupt America's economy far more than the last one did.***

As Senator Fulbright, chairman of the Senate Foreign Relations Committee, warned recently, a new oil boycott will probably cause another Great Depression in America. Millions will lose their jobs, their homes, and their savings. When that happens there will be overwhelming pressure for America to take direct military action against the Arabs and attempt to seize the Arab oil fields. And

that will bring us into direct conflict with the Soviet Union, which also has vital interests in the Middle East. Since the Israelis have already threatened to use nuclear weapons against the Arabs, a direct U.S.-Soviet confrontation in the Middle East may result in Armageddon, as Senator Fulbright has warned.

***But the Zionists don't care what happens to America. They are willing to fight to the last American GI and the last American dollar to hold onto their ill-gotten Arab land.***

America's arsenals are already being stripped bare by Israel's insatiable demand for military weapons and munitions. Hundreds of our latest tanks and aircraft, thousands of heavy guns and missiles, and millions of tons of bombs, ammunition and napalm have been robbed from active-duty units of our armed forces and sent to Israel, crippling our ability to defend America's vital interests. During the October 1973 fighting

more than 600 new M60 tanks were "borrowed" from U.S. armored units, mostly those stationed in Europe, and they haven't been replaced yet. Instead, even more M60 tanks are being sent to Israel as the Zionists prepare to launch a new pre-emptive war. More recently, half the entire U.S. inventory of our new, wire-guided, anti-tank missile launchers were spirited out of the country and sent to Israel.

***America's defenses have been dangerously weakened by the "Israel first-America last" policy of Secretary of Defense Schlesinger and other Zionist or pro-Zionist officials.***

The damage that has already been done to America's economy and armed forces by this subordination of American interests to those of a foreign power is enormous. Infinitely worse damage will occur if this policy is continued. And it will be continued as long as

the Zionists have the Congress and the White House in their pockets. Only when the American people rise up, as General George S. Brown, chairman of the Joint Chiefs of Staff, said recently, and break this Jewish lobby will the policy be changed.

***The time has come for a rising up!***

The time has come for military personnel to seriously consider disobeying orders which put Israel's interests ahead of American interests. The time has come for civilians to engage in acts of civil disobedience — even

sabotage — in order to halt the further involvement of America in Israel's military schemes. The time has come to punish traitors. The time has come to put America first. Help the National Alliance do it!

# Warmongers' Secret Weapon: News Media Monopoly

When General Brown recently made a public statement revealing the extent of Jewish control over the lives of Americans, there was consternation in the news media. General Brown had done a "no, no." He had told the American people the simple truth.

How have the facts of Jewish control of America's foreign policy and her economy been kept secret for so long? Why is such a fuss made when one brave man speaks the truth?

The answer is that the Jews have managed to gain a monopoly control over America's news media, and they use their monopoly to determine what the people shall know and what they shall not know.

## Television News

Consider, for example, the TV-news broadcasting industry. This is probably the single most influential mass medium.

Virtually all national and international TV news in the U. S. is filmed, edited and broadcast by just three corporations: American Broadcasting Companies, Inc. (ABC), Columbia Broadcasting System, Inc. (CBS), and National Broadcasting Company (NBC). The last is not an independent corporation, but is a subsidiary of Radio Corporation of America (RCA).

## ABC

The president and chief executive officer of ABC is Leonard Goldenson. The general manager of ABC News is Martin Rubenstein, and under Mr. Rubenstein, as executive producer of ABC's TV-news programs, is Avram Westin.

## CBS

The top man at CBS is Chairman of the Board William S. Paley. The CBS News subsidiary is run by President Richard S. Salant.

## NBC

Robert Sarnoff is president, chief executive officer, and chairman of the board of RCA.

The president and chief operating officer of NBC itself is Herbert S. Schlosser.

## Alien News Monopoly

The major broadcasting corporations employ thousands of persons in executive positions, but the seven men named above are at the key control points. They are the ones who have the ultimate decision-making authority. They dictate what 210 million Americans shall learn of what has happened in the nation and in the world each day. All seven of them — Goldenson, Rubenstein, Westin, Paley, Salant, Sarnoff, and Schlosser — are Jews.

## Newspapers Too

After television, daily newspapers are the most influential mass medium in America. Sixty-two million of them are sold (and, presumably, read) each day.

Those 62,000,000 copies are divided between some 1,700 different publications. One might guess that the sheer number of different newspapers would in itself provide a guarantee against minority control of this important medium. Unfortunately, such is not the case.

Today, more than half the daily newspaper circulation in America is controlled directly, and the remainder indirectly, by Jews, a minority group which makes up only 2.9 per cent of the total population. This extraordinary and dangerous situation has resulted in the press in America becoming, for all practical purposes, an instrument of Jewish policy.

The use of the press by the Jewish minority to set the policies which affect the lives of all Americans could hardly be better illustrated than by the examples of the nation's two most prestigious and influential newspapers: the *New York Times* and the *Washington Post*.

## New York Times

The *New York Times* is the unofficial social, fashion, en-

tertainment, political, and cultural guide of the nation. Its influence and ideas reach into every stratum of American life. It is sold in virtually every community in the United States.

The *New York Times* (originally *New York Daily Times*) was founded in 1851 by Henry J. Raymond (1820-1869) and George Jones (1811-1891).

Shortly after Jones' death in 1891, the newspaper experienced a drop in advertising revenue that forced it near bankruptcy. As a consequence Adolph Ochs, a wealthy Jewish publisher, was able to purchase the paper from Jones' estate in 1896 for a modest price. After Ochs' acquisition of the *New York Times*, advertising revenues rose dramatically.

The present Jewish owners of the newspaper, the Sulzberger family, are related to Ochs through the marriage of Ochs' daughter, Iphigene, to Arthur Hays Sulzberger in 1917. Their son, Arthur Ochs Sulzberger, is the paper's current president and publisher.

## Washington Post

A close second to the *New York Times* in national influence is the *Washington Post*, which, by establishing its "leaks" in most governmental agencies in Washington, has an inside track on news involving the Federal government.

The *Washington Post* was founded in 1877 by Stilson Hutchins and purchased from him in 1905 by John R. Maclean.

In 1933, at the height of the Great Depression, Maclean was forced into bankruptcy, and the *Washington Post* was sold at auction to Eugene Meyer, a Jewish financier, for a trifling \$825,000.

The *Washington Post* is presently run by Katharine Meyer Graham, Eugene Meyer's daughter, who is the principal stockholder and board chairman of the *Washington Post Co.*, and Larry H. Israel,

who is the president and chief operating officer.

The *Washington Post Co.* also owns *Newsweek* magazine and a number of radio and television broadcasting stations.

## Instinct for Power

And the situation is even worse — if that is possible — in the motion-picture industry and other media. Jews, with an uncanny instinct for power, insinuated themselves into every nook and cranny of the communications industries decades before the profound influence of the media on public opinion and the democratic political process was generally recognized.

During the early part of this century they established their bridgeheads in the press, motion pictures, and radio broadcasting. By World War II they were already in a commanding position. In the period since 1945 they have so tightened their grip on the mass media that they exercise a virtual monopoly control.

## Leading America by the Nose

Coordinating their business interests with their political interests, they have not only profited financially from their control of the media but they have used that control like a ring in America's nose to build a power base for themselves which few dare oppose. They can make Congressmen and Presidents and — as Watergate has so clearly shown — break them at their pleasure.

This Jewish control of the American mass media is the single most important fact of life, not just in America, but in the whole world today. And there is nothing: famine, inflation, fuel crisis, war — more dangerous to the future of our people.

Until this Jewish control of American public opinion is broken, continued misfortune, confusion, and decadence shall be our lot, and there can be no national liberation or regeneration.
