

A CALL TO ACTION

April 27 has been designated as a National Day of Protest against the disastrous policies of the Nixon Administration. Tens of thousands of people from all over the country will be demonstrating in Washington, DC, Chicago, and Los Angeles demanding that Nixon be removed from office.

Never before has the need for unity been greater. Never before has the need to give expression to the massive discontent in this country been greater. Politicians like Nixon must be taught that they will be held accountable for their betrayal of the public trust and their attacks on the people. Only our united action can ensure this.

We urge you to join us in this National Day of Protest.
