

# SLASH MILITARY SPENDING!

## DO YOU KNOW THAT . . .

- 60% of your tax dollars goes for military spending?
- The U.S. military budget is the highest since World War II? It will amount to \$150 billion, counting research and developing programs for nuclear weapons systems.
- The military budget is one of the prime causes of inflation? Billions taken out of the civilian economy costs millions of jobs, particularly for minority people.
- The U.S. now has a nuclear capacity equal to 589,000 Hiroshima bombs? It has a greater overkill capacity than any other country. Since World War II the U.S. has spent \$1.4 trillion on the military in the name of 'national security'. Each year \$300 billion are spent by nations throughout the world.

### THE ARMS RACE MUST BE STOPPED!

- The military budget supplies millions for U.S. intervention in national liberation struggles and for C.I.A. operations around the world?

### THE CRISES IN OUR CITIES COULD BE SOLVED BY A DRASTIC CUT IN THE MILITARY BUDGET!

U.S. CITIES NEED MORE HOUSING, HOSPITALS, SCHOOLS NOT B-1 BOMBERS, SKYHAWKS OR TRIDENT SUBMARINES!
