DISCUSSION and WORKSHOP on the ~~issues~~
issues facing you and SANE in 1964....

Your concern and help, together with many others, helped achieve the test ban in 1963. The tide seems to be running with us now. Help us achieve the next steps:

- . Tooling up for peace—economic conversion
- . Civil Defense—decline of the ostrich?
- . 1964 Campaigns and Elections
- . Progress toward disarmament and tension reduction
