Dear Friend:

10 October 1968

HUMPHREY? Ridiculous!
NIXON? Impossible!
Wallace? Unthinkable!

Not vote at all? Abdicate the field to those who champion
neither freedom nor peace? Whose policies would worsen the
plight of Black and other minority Americans, intensify
the danger of global war, oppress the poor, the young?

WHAT TO DO?

Vote for Dick Gregory. He's not likely to win the Presi-
dency, but that's not the point: a vote for Gregory is the
only vote that is not wasted.

The Gregory campaign is serious: on the ballot in five
states, a well-organized write-in in fifteen, looser
support groupings in all other states, will serve to uni-
fy all the divergent elements across the nation struggling
to end the war and eliminate racism from our country's life.

The more people are reached, the more votes will result
for Dick Gregory, the more visible will be the protest.
This requires money, large amounts of it, and it must be
put to work immediately. The contributions we are now
asking for are the only money not wasted in this election!

There are just three things to do: On November 5, vote for
Gregory. TODAY: send the biggest check you can ... and a
bit more. Between today and November 5, spread the word
about THE SERIOUS CAMPAIGN OF DICK GREGORY.

Yours, for an America of justice and peace,

Dagmar Wilson
