

A Message From The... Imperial Kleagle

I urge young men everywhere to join with us today and become established and learned in the art of preserving a sacred heritage, founded by our chivalric and patriotic forefathers, of a superior race, political supremacy, racial integrity, social peace and security and humane charity to the poor of a cultured civilization.

Today's leaders must one day relinquish their place of authority to the incoming generation - this is your generation. The future belongs only to the youth of today. In order to preserve this grand heritage given us, we must have young men willing to step out from the conformity of the group and accept the challenge I promise to provide for you.

The training you receive now will be your passport to a future of leadership in the most American organization in the country today.

If you feel the responsibility of saving your part, and believe as we do... if you are mature enough to assume a "Man's oath" with serious purpose then fill out the application blank in this brochure and mail it in today - then prepare for a rewarding and purposeful life.

90% of this country's citizens are white - only 10% are black, or admit it. Our forefathers came from Europe, not Africa nor Asia. America's father is Europe. White men built this land while black served as cooks, laborers and menial hands. It is a land of white men, enjoying the fruits of white labor and white culture. Why should any white man be less than proud of such a heritage like this? Why should any white youth bow down to black bullies with such a history?

Your school suffers from the teachings of inept, fearful and federally brainwashed teachers who have not even bothered to study their own history lessons. They think that appeasement works with blacks when history taught us, over and over again, that appeasement is black mail, and the blackmailer is never satisfied. The black student who uses force against a white student should be expelled. The teacher who would do nothing in such case, but apologize for the black students actions, should be dismissed.

Strike back. Keep your Bible teachings in mind. It was the teaching of the Bible that an eye for an eye, a tooth for a tooth. This

came long before the part about turning the other cheek. You know what happens if you even turn your back on a black student - well, turning the other cheek will get you the same figurative stab in the back.

The Youth Corps of the Ku Klux Klan movement produced the best riders, the best fighters and soldiers of the invisible Empire in the old days of fighting the despicable combination of the federal hireling and the black terrorist in the southlands. It was Ku Klux youth that drove the thieves away from the families in the years gone by. It will be Ku Klux youth who can defeat this combination of black terrorist, and federal misfits.
