Dear Mr. Volonte:

Thankyou for your correspondence of 19 September.

The organization referred to in your letter is most certainly in no way affiliated with this organization. It is merely a front for homosexuals, one of the many tools used to discredit the Movement of Adolf Hitler.

You are well advised to avoid any association with that vile group. Give it time, and it will disappear of it's own accord.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph Bishop", written in a cursive style.

Joseph Bishop
