Renew Before Our Rates Go Up !

Dear Patriotic Subscriber:

Your subscription expires with the next issue of THE THUNDERBOLT.

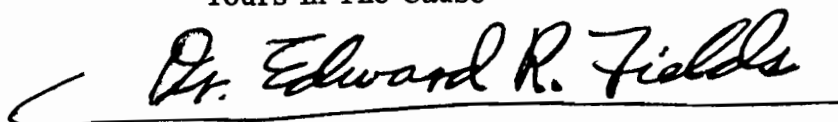

We know that you have been able to use this newspaper to awaken others and spread the truth. It is the hard working, self-sacrificing patriots, like yourself who have been responsible for our growth. You can continue to help save our race and nation by acting today to renew your subscription without delay.

As you are well aware, postage and printing costs are rapidly rising. In the near future the subscription price of The Thunderbolt will sharply rise. You can still renew now at the old rates. Just look at the bargain for those who subscribe for 3 years ! These are rates which existed 10 years ago but will soon drastically change. Take advantage of this opportunity and rush your renewal back TODAY ! Act now - do not procrastinate !

For those who want to engage in political activity, why not join the National States Rights Party ? After all, this is America's largest White peoples organization ? Membership is still only \$10 per year and includes THE THUNDERBOLT, a membership card, notification of meetings, the opportunity to attend NSRP conventions and vote on issues. Besides receiving practical training in the field of political action, you will have the opportunity of working with other members in your area. Most important of all, you will have the deep personal satisfaction of knowing that you are doing your part to bring about a new purified America for Race, Nation and Faith .

Regardless of whether you join the NSRP, or renew your subscription, by all means, do one or the other immediately. You will save us a lot of work if we can move your name up another year before it is taken off the list. Please check your instructions on the enclosed card so that we may act upon your wishes immediately. Awaiting your reply, I remain:

Yours In The Cause
