Dr. Edward R. Fields, Editor

URGENT REMINDER

Dear Fellow Patriot:

As of today we have not received your subscription renewal! I realise that we all tend to procrastinate, and that you have not had a chance to mail it back as yet. Unfortunately, the fact that your subscription has lapsed has forced us to remove your stencil and you have already received your last copy of The Thunderbolt! We want to place you back on the list immediately, but we cannot do anything until your instructions reach us!

You need to act now! THE THUNDERBOLT circulates in every state in the union and over 25 foreign countries. It has been highly praised internationally for the revelations our research department investigations have uncovered. Continually we have come up with super-sensational news articles which have been buried by all of the other papers. Our scoops have caused repercussions nation-wide. Your vital part is in passing this essential information on to new people and using this newspaper as a vehicle to effectively awaken your friends and co-workers. In this way, we are starting a new trend in America which will eventually return the nation to those who place our RACE and NATION First!!

I personally await your affirmative reply to this letter. I know that your intention is to continue your study through the exclusive revelations found within the columns of The THUNDERBOLT. Rush your renewal in today so that you will not miss one single issue of the only publication in America which keeps you and your friends AHEAD of the news and gives you instructions on what you can do locally to aid in this fight.

FOR AMERICA'S SURVIVAL,

A handwritten signature in cursive script that reads 'Dr. Edward R. Fields'.

Dr. Edward R. Fields

P. S. Due to the spiraling cost of printing, postage and labor, The Thunderbolt subscription rates will soon have to be substantially raised. By rushing in your renewal now you can save, over the much higher rates we soon will be forced to impose. Note closely, our very low 1, 2, and 3 year rates which will soon be gone forever! Since you eventually will renew anyway - WHY NOT ACT NOW?

YOUR SUBSCRIPTION TO THE THUNDERBOLT HAS EXPIRED. THE NEXT ISSUE, # 166 WILL CARRY THE FOLLOWING VITAL ARTICLES.

- 1) Detailed study of brutal negro violence against White children in schools. How it can be combatted.
- 2) The full meaning of the new federal court order integrating private schools. How this affects all individual privacy.
- 3) A study of why some White girls date negroes. How they are enticed into such debauchery.
- 4) The story Jews promote to get White Christians to mix with Blacks. Also, the opposite instructions they give fellow Jews.

HERE IS POWERFUL DOCUMENTATION THAT YOU MUST HAVE TO AWAKEN YOUR FRIENDS.
