"A NEW DAY FOR VIRGINIANS"
610 Hill Street
Farmville, Virginia
February 28, 1966

Dear Mr. [unclear]:

Students at Longwood College and the University of Virginia are planning a state-wide conference for college students, "A New Day for Virginians." The conference will be held Friday, Saturday and Sunday, March 18, 19 and 20, in Farmville, Virginia.

We aim to present students with basic information about the current political, economic and education situation in Virginia with the hope that they will return to their campuses and initiate action programs through which some of the social problems in Virginia may begin to be eradicated.

We have planned the conference to provide three general sessions in which we will ask speakers to make presentations dealing with areas of politics, economics, and education.

We are enclosing a copy of the letter which was sent out to conference participants and also a copy of the tentative agenda and speakers.

The conference is being planned with a major goal in mind. That is, we intend that students will participate actively in the weekend, contributing practical ideas for action. These students would come away with suggestions and would be able to put into effect action programs on their campuses.

As a discussion leader, it will be of the essence that the talk in discussion groups be kept flowing. Your role is, therefore, crucial to stimulate the contribution of ideas with much discussion. All resource leaders will stay for the discussion groups on Saturday, and will help things move along. It is important to have discussion, and not extensions of the speeches. Therefore, we should not rely too much on the resource leaders in the groups.

We plan for each general session of the conference to last for one and one-half hours. Therefore, the panel members would have approximately ten minutes for each presentation, with the remainder of the time spent, hopefully, in discussing with the students.

We realize that this is a great deal of information to be presented in a single weekend conference. However, we feel that much of this is essential if students are to successfully initiate programs at their respective colleges.

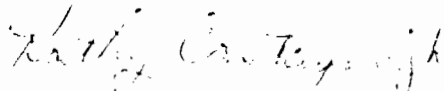

We plan to hold two discussion group sessions for students and resource personnel at 3:30 and 7:30 p.m. on Saturday, following the three general sessions earlier in the day. Therefore, we are asking the speakers and panel members to remain with us throughout the day, if possible, to serve as resource personnel in the discussion groups.

If you are able to attend this conference, we would appreciate your suggestions for readings and reprints we should obtain for distribution to the participants prior to the conference.

Thank you for any consideration you are able to give this request. Your contributions to this conference will be invaluable. If you have any suggestions as to the refining any of the topics or expanding them, or any alternative suggestions for speakers if these don't work out, please feel free to contact us.

We hope to hear from you at your earliest convenience, as it is absolutely essential that we line up our discussion leaders just as soon as possible.

Sincerely,

(Miss) Kathy Castagna

Dear Friend:

As a result of the conference, "A NEW DAY FOR VIRGINIANS," the Central Coordinating Committee was organized in order to bring about a united effort among the colleges and interest groups in the state. You have been selected as a representative to this committee from your group of college. Through this committee each college and interest group will be kept informed of the programs and activities of other colleges and interest groups, so that participation will be state-wide and united.

The first meeting of the committee will be an organizational and planning session to take place April 2 and 3, Saturday and Sunday, in Blackstone, Virginia. Address: Bill Towe, 101 N. Amelia Avenue, Blackstone. Phone: 292-4498. This meeting will be concerned with the establishment and first publication of the regional newsletter.

We urge you to attend this meeting and to bring with you all information about programs which you have organized or are planning to organize for publication in the newsletter. We also urge you to provide us with a mailing list of interested people in your college or interest group. If you cannot attend this meeting, try to send someone in your place or send in your information.

Enclosed is a list of the other representatives to the committee. We hope you will attend the meeting.

Sincerely,

John Witeck

John Witeck,
Acting Chairman
