FSB Mary Ann

Dear folks

I will write a little more to add to the note I wrote yesterday. We have been feeling around here on the hill today resting up a little and reading news.

The box you sent last got here in good shape. The soup is really good in the bush especially when it rains all the time. We have plenty of water then and it

is easy to fix. Also,
the Watch Army sent
is in the rear. I will
have to sign for it
so it will be a
day or two before
I can pick it up.

We are supposed
to go to Chu Lai the
17th of this month
for standdown. I
will try to make
a MARS call if
possible.

My R&P is scheduled
for December 15 in
Honolulu. You can
make your plans
accordingly. You can
get a special discount
on the airlines with

a copy of my orders.
I will check on this
while we are on
stap down.

I would like a
shirt, my new ~~striped~~
striped one, my pair
of blue pants, and
my good shoes and
socks sent. Send them
to PFC James B Adams

and I will pick them
up from them. Send
them soon so I will
get them in time.

You will probably
want to arrive
in Hawaii a day
early. I will have
to process through
the REP center and
get a place to
stay. Other than
that what I'll
do is unknown
at this time.

I got a letter
from Paula today
and one from
Dad yesterday. I
guess everyone
is getting along
fairly well.

I guess I'll
go dashy now.
I don't have much

3

else to say now
hope to get things
ironed out in
the next week,
Guess I will go

So long for now
