

August Three
FSB Mary Inn, RVN

Dear John,

I guess I will write a few more letters this morning while it is cool. It is real foggy now, it rained real hard yesterday and drizzled off and on last night. The monsoon season will be hitting up here in a month or two.

We got back here on the hill the first of August. We had been out in the bush for twenty days, sure was glad to get back.

They have a real good field kitchen here and they had steaks when we got back. One of the cooks, a sp/4, was a cook when I was in E-2-1 at Ft. Knox. He got over here a couple of weeks before me.

While we were out in the field I got some mail that had been sent to Ft Knox. There were several letters and a card or two from you when you were in Arizona. Some of it was almost three months old.

I see by the papers that I have been getting that Mammels and Fenrays have moved up to their new stores. Also, someone put a case or something in the old library building. They are kinda keeping things together a little bit together aren't they? I don't know for sure how long we will get to stay up here, a week or ten days, maybe longer. I don't

Mind the hill much
because all we do
is sit around all
day. Bumping up
and down those
mountains playing
hide and seek with
the dinks just
don't get it with
me at all. It is
sure a good thing
I only have ten
months or less to
go or I would creep!

The sun is starting
to come out and I don't
have much else to
write so I guess I
will close for now. Will
try to write before we
leave the hill again. Love
