Dear John,

Will write a
quick note while
I have my pen
and paper handy.
We have been
sitting here on the
hill for a week
now but will
leave in the
morning. We are
going back
South where we
were before to
have fun and
games. We will
probably be out
for two or three

weeks, but we
haven't heard for
sure.

The monsoons
haven't hit yet
but they are on
their way. It
rains a little
longer each day
and it gets a
little chili in
the mornings.

I have to go
get some stuff
together now so
I guess I had
better quit.

Write when you
can.

Harry
