Dear John,

I am going to take a few minutes here to write you a few lines. We are supposed to be fitting the barracks right now but I got a break. I got orders for special training Co. when I got back from leave. I got here on Monday morning. We have about 5 hours of physical training a day. It isn't too bad because there are a lot of guys that need it more than I do. Right now I ache all over but that will go away in a few days I hope. So far we have done all of our training inside the gym except for our road marches. That good because it has only been getting up to 15° in

the day, around zero at night.

Our food and barracks are real fine. There are only about 70 of us here now but more are supposed to be coming in all the time. There is another guy from my old company who has been here three weeks. Some guys stay here from 3 to 6 months. I hope to be out in a month or two at the least.

That is about all for right now. Please write at my new address. I appreciate your writing very much.

As always
