

February, Nineteen
FSB Mary Ann, RUN

Dear Hilda & Paul,

Will take a little time this morning to answer your last letter. Was glad to hear from you as always and hope that all is well with you. I am as same as usual - nothing outstanding to report.

I still am on duty at night but may move to a day shift soon. I don't like to stay up at night all the time, it gets too lonesome most of the time.

I hope you have better
luck with your new
dog. I can remember it
and it seemed to be
a friendly little thing.
Our dog "Dusty" has
had plenty of pale
taken in since we
have had him. I think
we got him about
eight years ago. That's
quite a while for a dog.

The sun was out
for quite a while yesterday
so I washed my clothes.
Just like in the old days,
a two gallon bucket and
bar of soap. They come
out nice and clean though.

Must go for now.
Have a Care, as ever,
Mary.
