Date 10

Dear Mom + Dad + Lea.

Hi. How are we all doing I hope you are all fine. I am doing fine. So what has been going at home lately anything change lately. I sent two rolls of picture and you should get them develope and sent me a picture of each so I could have. A copy of them didn't come out I don't think. Then you sent them to me on about number them then I could tell you what they are.

Yesterday we went after parts all morning. I saw four putting plow and wagons. And they were working all over the place. They were right along the road. We were driving along in a queue what walking out in. I think if we three pig we had to stop or we would of hit them. There was one old big hog in the ruck patty riding in the mud. The next time I am go I am going to take picture. Then we were coming back we saw a accident along the road there was a air force tank and trailer, a army truck and a three wheel motor car, ~~it was~~ 9 out of 10 it was the one who was driving the ~~the~~ three wheel car they always pull out in front of

you. The one guy that had the card was
the only one that was, but that it
look like we didn't stop we kept on
going. After we came back we had
lunch after that I wrote a letter to Uncle
Ray and Aunt Flo. After that we went
back to work. I work on the 3/4 ton
I put a new trail gate on and puted
new spark plug in and did mine's
repair. We have bin business lately
Today we went after parts again and
didn't get back untill noon time. After
lunch we clean out our parts trailer
and did mine's repair on the 3/4 tons.
Tonight we work untill 7:00 we had
to go after a recoil for B Battery. I
would of sent this letter at noon time
but right after I got done with lunch
I had to go to work. Because then
one of the guys here they pulled
from wheel bearing in the jeep
and the left front wheel all most came
off. So Mr. Abbott wanted me to put
new one in. The left side front wheel
brinl was bad so we had to buy
a new one in. The hole job took about
2 hour. It turn out good.

They getting new disferwerchal seal
and my Alott as me do I think I
could put them in I said yes so I am
putting them in there I get them. So
how the weather bin lately it bin hot
here. ③. I got a letter from us and
Sam, Pat. I am to her ~~me~~ Sam got
your truck painted Dad I can't wait
to see a picture of it. I hope ~~it~~ ^{she} only
got a bad head gasket. Sam said
that he going to try to take them
off this week end. Day Dad I hear
that you are thinking about ~~putting~~
putting a new engine in her that
he will find. Day then I get home
I should have a enough that we could
get a little loader, I fight about the
time I get out of here I should have
about 2,000 dollar or more maybe. We
will have a hole fleet soon ③ of
~~the~~ Truck. Day we use the same
rackies that you have on your red
truck had to hold it down. I beawful
to get a cupal then we trade our truck
because as always bringing a truck
that worn out to be trade in.

If I get cups I will sent them to
you they will not say anything.
May tell Oscar I said hello and
hope he find, I am awful glad that
he made the shellal for you. Tell every
one I said hello. Was Chrage Bunnell
in ere lately. If he has that him
I will write soon. How are you doing
on the bus. I say how are you doing
with weight watcher and Blowing.
I say Lea how are you doing with
work. How you doing with your
bys friend. How you doing at the
dinner how are you doing in tip.
😊 Tell everyone I said hello. So I will
say good by for now so take care
and I Bless. Will write soon.

P.S.
I have forgot
orders for his wood
do I no them.
