

Nov. 7.

Dear Mom, Dad, Lea.

Hi how are we doing I am doing
fine hope you are to. I do everything
back home what I'm going on lately.
Today we fix 3 more truck 2 five tons
and one one $1\frac{1}{2}$ tons. The truck I work
on was a 5 tons. A lady name Wallace
help me. it needed a new mass. cyl.
we got one from C Battery across the
street that were we are staying but
we are doing work for 2 $\frac{1}{11}$ Batteries. We
putted the new cyl on we couldn't
get a pettal we look under the truck
we saw fuelid leaning from the
rear axle we pull the wheel off the
wheel cyl. was bad, they had a new
wheel cyl we putted a new one and
putted the wheels back on and took
all the air out of the line we had a
good half pettal. That all we did on
that one. It took two of us all day.
on the other one they putted on a new
generator and roll. regulator

and a new Battery. On the other one we took a radiator off another 2 1/2 ton and pitted it on ~~that~~ the one we fix we took it the other truck because then we will have only one not running then we leave tomorrow that pretty good. 7 out of 8 trucks we got running I can't wait to get back so we can read our mail we got waiting for us @. We work hard but we have fun.

Well how everything going on back home, how is everyone. Today how are you doing in the shop and on the bus. How everything in the shop. Hope everything fine. Who is in lately. Have you seen Charlie Bum well, lately or haven't he is in if he come in tell him I said and will write soon. Have you used the truck any more lately.
