Dear Beth,

Many thanks for your kind comments and for the photo. I believe our reunion was a great success and the men and women of the 12th Eoac helped to make it so. It was 38 years ago today that I passed thru the 12th Eoac on my way back to my family and the World. Without the care and compassion of the doctors, nurses and staff at Cu Chi, I don't believe I would have made it. So, I owe many thanks to the Veterans of the 12th Eoac.
With my warmest regards,
Andy
