

28 Nov 1965

Dear Mom & Dad,

Here it is the last part
of November already and All
I'm doing today is sitting
around listening to the Army
Navy game. Right now it
is half time & 7 to 2. Hope
Army wins.

It won't be long until
X-mas now and I cannot get
anywhere to buy presents. Would
you use the money I send home
to get some good things for everybody.
Give Marvin some money so he
can buy some from me & then
to you. We'll know what to get

I hope. Give him as much as he needs ok.

Well I am no longer 1st Platoon Leader any more. Yesterday I was made the Weapons Platoon Leader which is the next step to the Executive officer in the Company so I guess I was promoted in job. I didn't want to leave my 1st Platoon but I had to. My men didn't want me to leave either. I'm still in A Company though. The Colonel said he was breaking up the Yankees. He thinks A Company is the best. I agree 100%.

I guess we will start R&R in December. That will give some of the men some rest.

There sure isn't anything to do around here. Just set around right now. Sure will

be glad to get home.

⊙ Now I have a jeep for myself.

Perly good huh.

Could you buy another Timex
that glows in the dark + some
nylon bands + send it. Lather
bands rot off in about a week or 2
and they aren't any good over
here. Could you also send a few
light sockets you put bulbs in.

Well I got to go + get busy.

Love Ray.
