

11 Dec. 1965

Dear Mom & Dad,

Well here it is Saturday already. The Company is back from their operation now and everybody is resting.

I haven't been out for quite a while now but I guess I go out tomorrow.

I don't especially want to go out but guess I have to.

Sure isn't much to do here so I sit around and do nothing. That is easy work huh.

We have started R & R but I don't

have the least idea when
I go, hope not for about
2 more months. Then I
should really be ready
for R+R.

I have sent 5 rolls
of films home so get
enough pictures so that
you can keep at least
one picture of each one
I took. Then send me
one of each. I can get
some more made over
here for the men who
want them. I hope they
all come out good.

I guess they are going
to start rotation of officers
back home some time
in July so maybe I have

a chance to get home early.
Anyway thats what the Capt.
said.

Sure would like to get
back home early.

Well there sure isn't
anything to say so guess
I'll close now. I go to church
every Sunday when I'm home.

Love Ray,
