

13 Feb 1966

Dear Mom & Dad,
I'm back to school

I guess I got kind of bad
about writing for this week
I'm not at the 93rd Evac. Hospital
any more. I'm in a convalescent

hospital right next to the 93rd.

I'm doing real good and feel

better than before I got sick.

I get lots of sleep. Today I

slept till 4:15 in the afternoon.

So I shouldn't be tired

I'm gaining some of my weight

back now. I weighed about

120 pounds for a while

ago.

but I'm back to about 130 lbs

back to gaining more so you can see I haven't lost any weight. I will only be here for 12 more days.

I go back to Phuoc Vinh

the 25th Feb. I probably won't have to go out in the jungle

much. They usually give malaria

patients rest time from physical

work.

There hasn't been much

doing here. I've been to Saigon

2 times since I got in the hospital.

go down to see Lt. Burko on

Executive Officer. He's in 3rd field
 hospital. He got malaria a day before
 me. So we go to have dinner at sit
 around all day.
 I got 12 letters today. They
 come through slow while I'm here
 you'd better send the letters back
 to my old address now cause I won't
 be here much longer.

I'm sure glad to hear about
 the new baby. What's her name?
 Tell margin to send some pictures.
 I'd send a card but we don't have
 them here.

I'll write him to,
 I'm really glad he got an
 offer for that scholarship. Sure

Executive Officer. Has in 3rd field
hope he gets it.

Guess the GI bill will go through
so I'll go back to school & get my

Sorosty degree.

Well I guess I should answer
some of these letters.

Will write tomorrow,
to my old address because I want
