

15 Feb 1966

Dear Mom + Dad,

Well here it is a few days later,
I'm fine yet + should get out of
here in about 8 days.

This malaria won't come back
but if it does I got some disability
pay for it.

There sure isn't much to
do around here. We go to the
show at night + that's all there
is to do here. I'd like to get
down to Saigon this weekend but
I doubt they will let me go.
He says I go to often cause

I'm supposed to be resting. Wish
I could get back up to Phước Vinh.
The number of malaria cases over
here are dropping off. There aren't as
many any more.

It is starting to get a lot
hotter over here now. The rainy season
will be here soon. I hate to see it come.

You should be over at Hinton
in about 15 days won't you. Guess
I'll have to start writing there pretty
soon.

Well guess I should close it's about
supper time.

Love Ray
