On the occasion of your return to the United States. All members of the Band welcomed you to this farwell tea party tonight with the deepest heart.

You are our good friend, one outstanding man of ours, you served for art, you feel very well about our missing, so that you encourage us as you helped us with a lot of instruments that we hope to soon receive and we keep your souvenir and use these instruments to continue our fine mission.

You return soon to the darling United States and you have the best time with your lovely family. The U.S is very very far far from V.N but we always remember the oldest brother who always remind and help the 7 th infantry division band, we sincerely hope your jobs and sounds, in future, there will have many American friends in V.N as in your States, who understand us well. The friendship between the American people and the Vietnamese one, is very close, a sympathy is always equal and reminded, a democratical sympathy of the free world.
