

Thank You

Dear col. Metzner,

My name is Matt Jensen. First off I would like to thank you for taking time out of your busy schedule. I would also like to thank you for ~~for~~ all that you have done for our country. I understand that you have sacrificed so much, in order to keep the safety of our country. I was very interested to learn from you a completely new side of the Vietnam war. Until you came I never realized how much the U.S. helped South Vietnam in their process of stabilizing themselves. I am also amazed at how long you have served in wars. Thank you for your dedication and sacrifice for our great country.
