

Dear Mr. Col. Metzner,

6/13/01

First of all I want to thank you for taking your time and coming to our class. It was so nice of you for sharing your special memories and knowlege with us. People like you are very important because you are the kind that don't mind sharing adults ideas and experiences with the teenagers. You are the kind that like to get the true idea to us the young adults. You don't want the T.V. to give us the, the true reasons.

We the teenagers and especuilly I believe that you are a true hero and should earn all the respect because you were very brave for serving our country. So I want to thank you for serving our country. It was not only our country that you helped but also the people in Vietnam that needed your help from the bad treatment they were receiving from the Communists.

All the information you give us was very helpful. It was very interesting how you and your team helped so many Children, women and families to be secure by giving them protection. So once again I want to thank you for comming.

Sincerely,
Beatriz Romero
