

Dear Colonel Metzner,

Thank you for taking the time to come out and talk to ~~my~~ our class about your experiences in Vietnam. You made learning about the war more interesting, than just listening to my Teacher lecture all hour. I'm sorry to hear that when you got home from the war, you weren't given the honor and respect you deserved. I just wanted you to know that I thought the war was an important one to fight.

Sincerely, ~~you~~

Brandon Walker
