Dear Mr. Metzner,

I wanted to thank you for taking time out of your day to come and share your experiences with us. It was really interesting to hear what war life was like.

It is good that you didn't get hurt in the war, because now you can share your experiences with today's youth. We may never experience another major war, so we may never get to experience those things like you talked about.

I really liked hearing all the things that you talked about. It was also really interesting to find out that you had written a book about the things you had experienced. Not only did you write 1 book, you wrote 2. That is so great.

Thank you again for coming to our class to speak to us.

Sincerely,
Tiffani Pendergraft
